

The ABCJesusLovesMe Difference

ABCJesusLovesMe is not just a curriculum—it's a comprehensive, faith-based framework designed to nurture the whole child. By equipping adults with intentional, developmentally appropriate teaching tools, ABCJesusLovesMe stands out among preschool curricula, websites, and ministries. Explore how our unique approach can make a lasting impact on your child's or student's early years.

1. Educational Expertise You Can Trust

The creator, Heidi, brings a strong educational foundation with bachelor's and master's degrees in education, along with real-world experience as a mother of four, a preschool worship leader, and a teacher. This blend of academic knowledge and practical insight ensures activities are engaging, relevant, and developmentally appropriate.

2. Proven, Field-Tested Content

Unlike many curricula designed in isolation, the ABCJesusLovesMe Curriculum has been extensively used and refined in real homes and classrooms. It's more than theory—it's a tested and proven resource for effective early childhood learning.

3. Expertly Reviewed Materials

Every learning resource is meticulously reviewed by two seasoned educators with nearly 100 years of combined experience in elementary education. This ensures your child is well-prepared for elementary school and beyond.

4. Effortless Lesson Planning

Our curriculum is designed with simplicity in mind, reducing the time spent on planning so parents and educators can focus on what truly matters—playing, connecting, and learning alongside the child.

5. Play-Based Learning at Its Core

Children learn best through play, and our curriculum incorporates this essential element to make learning fun, engaging, and effective, promoting both creativity and skill development.

6. A Holistic, Biblical Approach

Rooted in a biblical worldview, ABCJesusLovesMe nurtures the cognitive, emotional, and spiritual growth of the whole child. Alongside teaching children, we empower adults with tools for discipline, classroom management, and spiritual development to foster meaningful, intentional teaching.

7. Faith-Based Integration

Inspired by Jesus' words, "Let the little children come," our curriculum seamlessly weaves Christian truths into age-appropriate activities that resonate deeply with young hearts and minds.

8. Personalized Support from the Creator

Gain direct access to Heidi for guidance and encouragement through email, social media, or chat. Her dedication ensures you always have the support you need.

9. Prayerful Foundation

The curriculum is guided by prayer, as Heidi and her husband regularly seek God's wisdom and direction. This ministry is rooted in faith and a sincere commitment to its mission.
